A Word from Your Education Chair

As we step into peak summer, we look toward bringing collaboration and knowledge to our profession.

This year we've launched our chapter educational needs survey to help us better understand what everyone wants and needs out of the chapter as we plan speakers, webinars and conferences.

We've hosted some great presenters this year. In June, we welcomed Mike Deslouches from Eloquest Healthcare who came to talk about new Hospital-Onset Bacteremia requirements that are coming in the future from CMS. In September, we're thrilled to announce plans for the first-ever joint chapter meeting between APIC Chapter 092 and the Association of Peri-Operative Registered Nurses (AORN), Greater Orlando Chapter. This joint assembly will help both of our groups make the best use of our combined knowledge and resources in preventing Surgical Site Infections.

As always, it's an honor and pleasure to serve the chapter. If there is anything that we can do to help develop your education needs, **please reach out to Matt Amacher, BSN, RN, CNOR, CIC at education@apicfl092.com.**

Save the Date-Annual Chapter Conference

February 23, 2025
We will be returning to the Orlando Marriott Lake Mary.
More details to come!

Membership Updates & Resources

Welcome New Members in 2025

Kiriam Astacio-Betancourt	Keith Kobay
